PROCUREMENT NOTICE CONTRACTOR POST-QUALIFICATION AND TENDERING HYDROPOWER PLANT MOUNT COFFEE HYDRO GENERATING PLANT REHABILITATION LIBERIA

The Government of Liberia has secured financing from the European Investment Bank, Government of Norway, and KfW Development Bank for the rehabilitation of the 60-80 MW hydropower generating plant at Mount Coffee, in Liberia. The Mt. Coffee Hydropower Rehabilitation Project is being carried out by the Mt. Coffee Project Implementation Unit (PIU) of the Liberia Electricity Corporation.

This International Invitation for Tendering with enclosed Post-Qualification relates to the **Main Contract 2A for the Rehabilitation of the Mount Coffee Hydropower Plant**. This contract will include: The preparatory works including camp, re-construction of the main dam and rehabilitation of the existing ones, powerhouse, spillway and intake rehabilitation works, infrastructure and road works, and the coordination of other works.

This contract is expected to be implemented from May 2014 to December 2016.

The criteria to be used in the Post-Qualification evaluation are: Experience in the successful completion of similar projects, Financial Situation, and Historical contract performance.

All firms are invited to participate in the Tendering.

Interested eligible Candidates may obtain further information from, and inspect the Post-Qualification Documents by contacting the **tenderer**:
